Golf 2010

April 2009 saw the completion of the final phase of our golf development. We can now proudly boast 3 x 18 hole courses, a 27 hole combination course and the Willows Par 3 course for guests to choose from. We know of no other golf resort in the country that offers the variety and choice of courses that we do. We have found that many of our guests now choose to stay for a longer break to give them the opportunity of playing all of our courses. With this in mind we have made our 4-night weekend prices even more attractive and have added the option of a great value 6-night break starting on a Friday or Monday.

New Facilities at the Manor

April 2010, saw the opening of the "Manor Fun House" - This is a children's soft play zone that is 300sq metres and spread over three levels. The new zone is located adjacent to the Ten Pin Bowling and Game Zone. The features include a three lane astra slide, tube slide, bash bags and dangling snakes. This new facility is fantastic for families with young children and sessions are run every morning and afternoon during school holiday periods.

2010 Early Payment Discounts

ALL guests will be entitled to a further discount when paying in advance. We are now offering ½% additional discount for every clear full calendar month prior to your arrival. For example: For guests arriving on 15th November who pay in full for their break on the 12th May, we will deduct a further 2.5% off your balance (½% for June, July, August, September and October).
